

# DIY CAR SOUNDPROOFING KIT - Easy to install sound reduction for cars

## Key Benefits

- Effective reduction of airborne noise for cars and vans.
- Easy to install with step by step instructions
- Reduces under bonnet noise.
- Full fitting instructions given.
- Available from stock

## Description

This DIY Car Soundproofing Kit is ideal for controlling noise within a vehicle by blocking and absorbing noise coming through the bulkhead and floor of the vehicle. The kit comprises non-flammable sound absorption for the bonnet that can easily be trimmed to size and fire resistant sound barrier mat for installation onto the bulkhead between the engine and saloon and the floor of the vehicle throughout. All of the materials used in this soundproofing kit are either non-flammable or fire resistant to UK motor vehicle standards.

The kit is easy to install and comes with detailed fitting instructions. The main sound barrier mat, SAPT220 is easily cut and fitted and the self-adhesive SA12/FR/SA is stuck to the underside of the bonnet to help absorb engine noise. The full install instructions can also be seen on our website.

### The Kit contains:

- 1 x sheet of SAPT220 (1.25 x 3m x 13mm thick)
- 1 x sheet of SA12/FR/SA (1.5m x 1m x 12mm thick with a self adhesive backing)
- 1 x can of Sta-Put Adhesive (15oz or 426 grams. Coverage is approx 6-8m<sup>2</sup> per can)
- 1 x roll of Acoustaseal Tape (3mm thick x 10mm wide x 25m long)
- 1 x Set of fitting Instructions

*(This kit will suit most family cars and some small vans. We advise you measure the area before ordering to ensure the kit will be big enough for your requirements)*

If noise within a van is a problem we can also supply sound absorbing materials for lining the walls and roof of the main van body to cut down the noise levels created by rattles and reverberation. Contact us for more information.

### Flammability

**SAPT220** - FMVSS 302, Self-Extinguishing. BS4735 Self-Extinguishing

**SA12/FR/SA** - FMVSS 302 Self-extinguishing. BS 476 Part 6 and 7 Class 0, Class 1

IF YOU REQUIRE EXTRA MATERIALS THESE CAN BE PURCHASED INDIVIDUALLY FROM US.

ADDITIONAL INFORMATION AND INSTALLATION DETAIL CAN BE FOUND ON OUR WEBSITE
