

ANTI-VIBRATION MAT KIT - *Ideal for isolating drum sets and pedal noise*

Key Benefits

- Easy to fit
- Ideal for drum sets
- Supplied with full instructions
- Significantly reduces pedal noise from electric drums
- Easily trimmed if necessary

Description

An easy to fit anti-vibration mat kit particularly good for isolating pedal noise from drum sets along with a wide range of other potential installations where isolation of impact noise is required from equipment that is not too heavy.

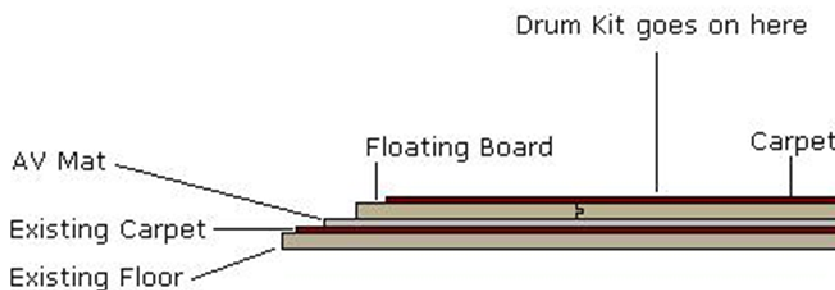

What's in a kit?

3 x Anti-Vibration Mats each 1200 x 600 x 15mm

1 x Set of installation instructions

Once installed the anti-vibration will cover an area 1200 x 1800mm which is large enough to accommodate a normal sized drum set but can easily be reduced in size with the aid of a sharp knife to suit smaller and electric drum sets.

After installation, the mat can be covered with a tongue and grooved board and carpet to match internal décor as shown in the detail below
