## INSTALLATION AND HANDLING

SoundBlocker Quilt Plus is low risk and can be installed with minimal protective clothing, we recommend you wear a dust mask in enclosed spaces such as lofts. It can be used in conjunction with a vapour permeable underlay if required to retain the benefits of water vapour absorption and release, Protect the insulation from prolonged exposure to sunlight when unpacked and avoid wetting for extended periods, store under cover and clear of the ground.

Lengths of SoundBlocker Quilt Plus can be cut down using a straight edge and a Stanley knife. For more accurate cutting, tightly compress or clamp the insulation beneath a solid piece of timber.

### SIZES

#### Rolls

- Widths – nom. 600mm and 1200mm mm
- Roll Length – nom. 5m
